As men start to live in groups, pity and self- preservation are replaced by amour propre, which drives men to compare themselves to others, and to need to dominate others in order to be happy. The Social Contract is preceded by the Second Discourse where Rousseau describes his concept of the state of nature. Enter your mobile number or email address below and we'll send you a link to download the free Kindle App. There are, broadly speaking, two schools of political theorists, if we set aside. Some commentators see it as no more than the dictatorship of the proletariat or the tyranny of the urban poor such as may perhaps be seen in the French Revolution. Penn State UP, However, Rousseau considers that there are really two categories of inequality. In particular, he discusses and rejects quite emphatically the investigations of his predecessors both ancient and modern.
